Pawleys Place

Water shut off valve locations

The water shutoff valves are located as follows. The measurement on the end units is from the N,E,S,W corner of the brick. The measurements from the center units are from N,E,S,W corner of the porch concrete slab. It will be measured in inches and by direction from the wall or porch concrete corner. IE Brick SW 32" N 23' W.

The MAIN shutoff for the unit is measured from the road and the drive of the address above.
